

Help Create Something Limitless*

* Help Group's Community Art Space

August–December 2026 | Abbot Kinney, Venice

Art has the power to transform lives. Through Limitless, Help Group is bringing that belief to life with a one-of-a-kind community art space on Abbot Kinney. This limited-time exhibition celebrates the creativity of neurodivergent artists while providing a free, welcoming place for families to enjoy hands-on art activities. Your support helps expand access to the arts, raise awareness of Help Group's programs, and create more opportunities for neurodivergent artists to thrive.
